Innes' Band.
Innes is coming with his famous band on Wednesday night. The phenomenal success of this organization during its engagement at the St. Louis World's Fair, and also at the Portland Exposition has been the subject of almost national comment. Great success was more than repeated during the past winter when Innes presented a series of band concerts at the Theodore Thomas Orchestra Hall, and fairly astonished the inhabitants of the city, which seems to have now become the leading musical center of America. Seats on sale Tuesday.

VETERANS RETURN HOME.

General Galt States That Affair Was Greatest Ever Held.

Declaring that the New Orleans reunion eclipsed all previous ones and with the feeling that the occasion was one of enjoyment, Ardmore veterans of the Southern Confederacy, Sons and Daughters and others who attended the meeting, arrived in the city yesterday afternoon at 5:30 o'clock over the Rock Island a trifle tired but in a happy mood. Ever since the party left Ardmore last Monday afternoon the time has been pleasantly spent and the reunion will linger long in the memory of those who attended it as being a splendid affair and a most enjoyable one.

General Galt declares that the veterans had one of the best times since the reunion began. He states that the attendance was one of the largest in the history of these affairs and that there was nothing lacking to make it a complete success. One feature was the hospitality of the people of the union city. The visitors were shown numerous courtesies. Everybody he thinks had an enjoyable time. The people of the Crescent City went the limit in entertainment.

General Galt states that the attendance from Indian Territory was very representative, but that Oklahoma must have sent at least 400 people. The reunion train was composed of fourteen coaches and sleepers and it is said that it was the best equipped train that the Rock Island ever sent out of the territory. In fact resolutions were passed on the return trip thanking J. S. McNally, division passenger agent at Oklahoma City, for his untiring efforts and unflinching zeal on the occasion of the trip. The resolutions also praise F. W. Halle, the conductor of the Pullman, and were signed by the commanding officers of Oklahoma and Indian Territory.

General Galt states that at the meeting of the veterans of Oklahoma and Indian Territory it was decided to hold the next annual meeting of the veterans at Ardmore if the people of the city wanted it. It is stated that a sum of \$2,000 will be required to entertain the old soldiers. Officers of Camp Sam Davis state that for the entertainment of the Sons and Daughters, who will attend the territorial reunion, a fund of \$1,000 will probably be raised.

It is learned that the remains of W. H. Walker, an old veteran who fell from a train near Montgomery, Miss., will be taken to his home in Lebanon. It could not be told how the accident occurred. He was a highly respected citizen of Lebanon and a good man.

Captain S. Henson, who fell and broke his hip, is in the hospital at New Orleans and is getting along nicely.

A number of out-of-town veterans came in with the party yesterday and have departed for their homes. Likewise they stated that the reunion was one of the best they ever attended.

The Ladies' Aid Society of the Central Baptist church will meet with Mrs. George H. Bruce on North Washington street Tuesday afternoon at 2 o'clock.

It Locked Stormy.

For a time, nearing sunset, Sunday evening the weather was stormy. Angry clouds rose in majestic splendor, while lighter ones scudded across the skies. Thunder and lightning for a time were incessant, but fortunately little wind accompanied the heavy rain which fell within a few minutes. Very little hail fell and so far as we can learn no damage resulted.

Outside reports received from points in Oklahoma and Indian Territory last night showed that storms played havoc with the wires in certain sections, particularly between Atoka and Oklahoma City.

Repair men were kept busy in the midst of rain and some sleet, and between breaks it was reported that there was high wind and that severe winds and electric storms prevailed, but that no serious damage had been done other than the interruption of communication and the usual work of storms of ordinary severity.

These conditions were particularly shown at Shawnee, Ada, Mill Creek, Madill, South McAlester and points up the Katy and Oklahoma City and north of Denison.

Scattering rain and hail was reported early this morning from Oklahoma City.

Rev. Berry Gay departed today for Memphis, Tenn., where he goes as a delegate to the general conference of the colored M. E. church. This church was organized in 1879 and Berry joined it in 1872 when he was 5 years of age. He has been an officer in the church for the past 25 years.
